The Bird Supper is a 38 year-old tradition that stands alone on the legislators' crowded schedule. This event is your opportunity to meet with your legislators to thank them and most importantly share issues relating to your business. Eating and talking are both SC traditions!

An optional addition to the Bird Supper is the "Day at the Capitol." Plans for the day include lunch with a key legislator (seating is limited for lunch and reservations are required), office visits to your legislators, briefings and ending the day with the Bird Supper.
